Health and Beauty Helps

Mrs. J. S.:Wrinkles and other marks of approaching old age which now worry you are very common. However, you will not have to worry if you will follow this simple treatment: Apply to your face every night a grease-less cream-jelly made by mixing two teaspoonfuls glycerine and one ounce almozoin into one-half pint cold water. Stir and let stand several hours before using. Massage frequently with this cream. It will remove all dirt and excess oil from the skin pores and in time you will not have a rough, wrinkled face, but a fresh, smooth, clean-looking skin of velvety texture. I also find this preparation excellent for removing tan, sunburn, blackheads, freckles and large pores in the skin. Mrs. J. S. Wrinkles and other marks with a delatone paste. With water mix

Juliet: Yes, any one afflicted with superfluous flesh is always at a big olsadvantage, whether married or single. To get rid of that annoying fat, atop at your druggist's the next time you are down town and get four ounces of purnoils. Dissolve this in 1 is pints but water and take a table-spoonful three times a day (five minutes before each meal), and your burdensome flesh with soon become cut down. The effect of this harmless remedy is generally noticeable within a week, and you will feel much better.

R. P. N.: To whiten and beautify your face, neck and arms, diss ave four ounces of spurmax is a half-pint witch hazel or hot water, adding two teaspoonfuls glycerina. Apply this lotion freely and it will tone up your skin wonderfully and quickly. It makes the skin soft and smooth, and will remove that shiny, "muddy" look which is so annoying to you. You will find this lotion much better to use than face powder, as it does not rub off easily like powder nor does it give one's face that "powdered look." I find this spurmax lotion excellent for removing and preventing freekles, chapping and roughness of the skin.

Mrs. R. P.: If your hair is getting so thin that you have to wear false hair, you should begin at once a treatment to rid your scalp of dandruff which is the direct cause of all scalp and hair-troubles. If you will mix together an ounce of quinsoin, one-hair pint of alcohol (not whiskey) and one-hair pint of cold water, you will have a dependable remedy for your hair-troubles. Rub this gently into the roots of the hair twice a week, and it will destroy the dandruff, stop year falling hair and in time promote a new growth of hair. This quinine-tonic applied regularly will make your hair soft, justrous and keep it from splitting at the ends.

Maid: The quickest and surest way same to remove hair or fuzz from the skin is 1 Adv.

enough delatone to cover the hairs, apply and in two or three minutes re-

move and wash the akin. This removes every particle of hair and leaves the skin smooth and clear.

Ester: Apply pyroxin to lash-roots with thumb and forefinger and your eyelashes will grow long and curly. Eyebrows can be made to grow thick and glossy by rubbing on pyroxin with finger-end. Be careful and don't get pyroxin where hair is not wanted.

Minnic H.: As you do not like the idea of wearing glasses since they make you look so much older, why don't you try treating them first with a good eye-tenic? If you will get an ounce of crystos, dissolve it in a pint ounce of crystos, dissolve it in a pint of water, you will have an eye-remedy that will prove very refreshing and strengthening. Drop a few drops in each eye two or three times a day, and I am sure it will do your eyes a world of good. It will not smart the eyes, I find it excellent for dull, tired, watery eyes, and a great aid even to those who have to weer glasses. have to wear glasses.

Victoria: As long as your blood is loaded with impurities, those impuri-ties will be forced through your skin, and the application of external reme-dies will do no lasting good, for they dies will do no lasting good, for they do not reach the cause. Dissolve one sunes of kardens and one-half cupful of sugar in one-half pint of alcohol, (not whiskey), then add not water to make a full quart, and you will have enough inexpensive, old-fashioned remedy to rid your blood of impurities, stimulate your liver and correct your digestion. Take a tablespoonful before each meal, and your sallow skin will again take on that beautiful color nature intended you to have. Your circulation and general health will improve and the sores, biotches, redness and and the sores, bioteless, redness and other eruptions will cease to trouble you. No better general system-tonic can be made than by following this kurdene recipe. Try it and get rid of that "run-down" feeling.

Josephine: In treating your scalp for dandruff, it is necessary to keep it as clean as possible. Shampoo freely and as often as you need it, but never use soap or a soup-jelly, as the "free" gikall will make your hair dull, lifeless and your scalp harsh. Shampoo with a teaspoonful of canthrox dissolved in a cup of hot water; then ringe in clear water. You will find this a wonderful shampoo; it will put new life into your hair and cleanse your scalp as no other shampoo will. It lathers freely, dries quickly without streaking, and leaves the hair lustrous, fluffy and easy to do up. After the hair is dry apply the same tonic recommended to Mrs. R. P.—Adv.

HEAD STUFFED? GOT A COLD? TRY PAPE'S!

One Dose Pape's Cold Compound gives Relief-Cure in few Hours.

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first

leaving after taking the very first dose.

Spots Burst and Ran All Over Face. Sore and Inflamed. Had to Tie Mittens on Hands. Cuticura Soap and Ointment Cured Completely.

Freeland, Md.-"Baby's eczema started

n little spots and would burst and run all over his face and wherever the water would touch his face, it would make another sore. Pimples would break out and make his face sore and inflamed, and he was very cross and freiful. It was awful. He suffered tortures from it, and we had to tie mittens on his bands to keep him from scratching We tried everything we know and had him to three doctors, but they could not help him. A friend of mine told me of the Cuticurs Soap and Ointment and I went to a drug store and bought them. When we would bathe his face with the Cuticura Soap and apply the Cuticura Ointment, he would be much better. He would wake up in the nights and cry with his face and we would put on some of the Cuticura Ointment and then he would rest all right. By keeping this up every day his face began to heal and then got well altogether. He suffered just about a year before we used the Cuticura Soap and Ointment and they have cured him completely of the eczenia. We use the Cuticura Soap all the time and there is no better somp for the skin." (Signed) Mrs. Harry Wright, Mar. 21, 1912.

Cuticura Soap and Ciniment do so much for pimples, blackheads, red, rough skins, itching, scaly scalps, dandruff, dry, thin and falling hair, chapped hands and shapeless nails, that it is almost criminal not to use them. Sold everywhere. Liberal sample of each malled free, with 32-p. Skin Book. Address post-card "Cuticura, Dept.T. Boston,"

49 Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

Abundance of Glorious Hair for Every Woman

Bellet Report.

April 1 to October 1, 1912. Mrs. C. E.,

Kelly, chairman of relief.

"The past six months" work of the Charity association has been heavy. The opening of the Charity house and Baby hospital fills a great need, it has opened many avenues of relief for those who apply to us for assistance. Men and women of our own race are here cared for, given shelter and food and protected until their cases are properly disposed of by placing them in positions, hospitals, etc., as the needs re-

sitions, hospitals, etc., as the needs re-Previous to the opening of the Charity house provisions were given to hun-gry families when work could not be provided, that is when upon investigation they were found worthy, now we send an applicant to the Home to work two hours to be paid with provisions. The imposter is in this way guickly detected and the self respect of many of these poor people preserved. Several women have offered to work for us in return for what they have re-ceived, one poor old Mexican regularly carries home sewing which she can do at her home and is much pleased to do her part in the work for the bables.

"We are about to erect a tent in the side yard where we may place a tubercular patient for a night or two. We have placed one in the basement on a cot, and one slept on the front verands but we need a better and more

anda, but we need a better and more comfortable place where one is pro-tected and which can be kept sanitary. One family consisting of two old women, Americans, have been under our care for more than a year, and as they are not growing younger we probably will have to assist them more and more. One old woman who is now in the Home is another case which has been difficult to settle. There are no institutions where these people may be placed and it seems as though the country poor farm in some cases would county poor farm in some cases would be the only solution. "In May last, we had a family of six,

"In May last, we had a family of six, Americans dependent upon us for several weeks, all fill with malaria.

The following month another family, Americans, a woman with five children, deserted, was called to our notice, relief was given, her family communicated with and transportation forwarded to us, and the six were sent to the husband who wrote very kindly to his wife expressing regret for the past and hope for the future.

"One young woman who was ill and without means to meet her board bill was placed in the Home where she was cared for until she recovered sufficients."

cared for until she recovered suffi-ciently to take a position. She remained clently to take a position. She remained If you are going to fence, get some as a boarder after this until she could of Lander's treated posts.—Adv.

could be found.

"Two pregnant women, one Mexican, with an American father and husband, were in the Home for several weeks. They assisted with the housework and They assisted with the housework and bables and repaid us for all the help they had received. One of these women nursed two very ill bables and saved their lives and we will always feel very grateful to her for this, as we feel sure the care we could give them would not alone have been sufficient.

"One of our most interesting cases passed away two days ago, aftermonths of suffering. She had that dread disease, cancer, and after consulting several surgeons, was told that an operation was her only chance and

an operation was her only chance and that only one in a hundred.

"Dr. White operated at Hotel Dieu, and after several weeks of convalescence there was brought back to the home, where everything was done for her comfort, but without avail. When the doctor finally said that the trouble was developing again very rapidly we placed the patient in the county hospital, where our visiting nurse called every day, bathing the sick woman and doing all she could to relieve her. Flowers were sent in frequently by the Potter Floral company, and many kind people called often with good things to eat and words of comfort and cheer. "One young girl who came to the city with the Mormons was brought to us, and placed in several positions until one was finally secured, where she seemed to fit. One woman and two children came to us from the fruin. Temporary homes were found for the boy and girl and the woman placed in the county hospital. She has improved very much and gone to some friends and the Catholic society placed the children in a church institution. "Dr. White operated at Hotel Dieu,

a church institution.

"In a sanatorium in Highland Park is now a poor Italian dying with tuberculosis. We have been assisting him from time to time for about a year, and now at the last a kind friend is paying his expenses where he will get good care until he is past all need.

"I have not given you statistics today, as they mean so little to the casual hearer, but we want you to have some idea of what we are doing for people of our own race. The Baby hospital naturally does more work among the Mexicans, and it has done good work too, this summer, but I want to emphasize the fact that we need more ways of helping our own people than we now have at our command. Provisions and a night's lodging in a rooming house are not sufficient, and these are many families which we are called upon to sted committee of representative en to decide how best to help them

for August and September, but wish to call your attention to the totals. This

is not the relief at the office but the relief cases here in the house:

"Number of cases 37; number of full days and nights 41945; number of extra meals served to relief patients from office, 76.

The Sunshine Helpers met Tuesday

"In the Bair hospital II batter have been cared for 400 days and nights and 461 days. Bables suffering with encertils, malnutrition typhoid, parallysis, pretimonia, have been restored to health and the mothers taught how

"Many children have been cared for.
They were not sick enough for bed but had to have their meals and medicine regularly and constantly. These children have had to be on the porch and and in the room with these very sick bables. Why? Lack of room, lack of money! The matron has had to prepare and serve all these meals for this pare and serve all these meals for this sreat number of people. Besides the laundry women get one meal here.

Women who apply for aid at the of-fice, if not sick, are sent to the House to work for the provisions they get, some to the kitchen, some to the floors, and others to the laundry. The great idea of independence, instead of de-pendence, is the keynote of the relief. "I have dwelt men the great amount of work of this Home this summer; I have not qwelt upon the office work in the courtbouse, the visiting nurse's work, the matron's work, and the laundresses's work. Much of the time matrons were changing and not infactory, so Miss Cookson had to in the matron's place, until recently, he laundry has not been satisfactory, a she has had to fill in that place, and ear the burden of the worry. The ofce had to be kept open so she had be in the courthouse. Fow days have the head to be in the courthouse of the shear of the sure of the state of the s not engaged to stay in the home, so Miss Cookson was responsible for the ables from 5 oclock in the afternoon until 9 oclock in the morning. Many nights she had no sleep, many nights she had no sleep, many nights she sleep with a babe on either side of her. Do you see how she has stood it? Surely the Charity association can never thank her enough for her heart and strength and mortifice of herself to the good of humanity and the Womnia Charity association.

"This leads to the point that the Charity must have competent workers. If the work is to be carried on. Miss Cookeon must have a capable office assistant. The laundry must have not only a personal knowledge of laundry, but a woman of tast and business ability. but a woman of tast and business ability. The matron must be ever watchful of the store room and economy and
judgment in cooking must be used. The
serving to 15 persons, from one to three
meals a day, means that a good many
nowers must be brought into play. A
competent nurse must be in the house
with an assistant that she can call
upon in time of distress, for we would
hear more censure about the loss of one
baby through incompetence than parise

baby through incompetence than praise for 50 that were restored to health through competence and care. "Figure out what we are to do with scarlet fever, diphtheria, pneumonial hables, and with the sick and friendless women and cyls, the constantly come women and girls that constantly com

Women's Organizations

aso branch of the International Sunshine society will be held in the parlors of the Sunshine Day Nursery, at 269 South Campbell street. Monday. October 31, at 3 p. m. An interesting program will be furnished by the Sunshine Helpers, in charge of Miss Walker McClellen, musical director. Rev. C. L. Overstreet, paster of the First Presbyterian church, will give a 10 minutes talk on practical philanthrophy. Every member of the Sunshine society is urged to be present at this meeting and to invite their friends. The payment of 1913 dues will be in order and anyone who may wish to oin will be given an opportunity.

The regular meeting of the W. C. T. U. will be held Friday afternoon at 3 ociock at the home of Mrs. J. A. Potter, 1515 Boulevard street. Susiness of a very important nature will be discussed.

The first meeting of the Current Events and Literature department of the Woman's club was held Wednesday afterneon at the home of Mrs. W. R. Brown. The program was opened by Mrs. A. M. Loomis, temporary chairman. Miss McGinnis, of Kansas City, sang "The Flower Girl." accompanied by Mrs. W. R. Brown. Mrs. W. C. Davis read a paper on El Paso's needs for a Hull House and a Jane Addams. She discussed problems which confront tuitions such as soldiers' home, orphan asylum, home for old people, and many others. She told how to solve these problems and painted a word picture of El Paso 10 years hence, when these institutions, had been built and were under a country committee. Mrs. Wilunder a central committee. Mrs. Wil-liam H. F. Judd gave a sport talk in how El Paso may assist the juvenile court. She said El Paso was intensely in need of such a court and a deten-tion home for incorrigible girls and boys. Mrs. Clarence D. Johnson played "The Overture," from "Cavaleria Rusticana." In discussing the two papers read, Mrs. Mary Elwell said: "Why perpetuate these institutions when an inquiry into the cause of things will in many instances do away with the ofmany instances do away with the effect?" Mrs. O. A. Critchett read a paper on Current Literature. Mrs. Alice researches, in relation to human beings. Mrs. C. H. Campbell also spoke on Cur-rent Science and told of some of the latest scientific problems, one of them

Burt Orndorff and S. C. Awbrey, from the El Paso jubilee committee, asked the members of the Woman's club to lies which we are called upon to occasionally who should receive assist in disposing of the woman's thoughtful consideration of an introduction of the parade. The department to the directors of the ciuh and gave a rising vote to show their desire to accede to the request. Mis-Charity Homes report, Mrs. Rice and Charity Homes report, Mrs. Rice and Series of Music, closed the program with a work of Charity bouse in June and its work June and July. I have the details of August and Sentember, but wish in

ish to A called meeting of the directors.
This was then in order and they agreed for office but the the club to take charge of the work of

> The Sunshine Helpers met Tuesday afternoon with Mrs. C. A. Reinemund, at 624 North Santa Fe street. The work of the afternoon was sewing for work of the afternoon was sewing for the Sunshine day nursery. Miss Walker McClellan entertained with a solo. A two course luncheon was served by the hostess. Those present were Mesdames Gould, Bell, Crause, Reinemund, Misses Karma Deane, Walker McClellan Stella-Goodman, Ellis, Effic Warren, Anne Wecks and Florence Cox. The next meeting will be held at the Sunshine Day Nursery headquarters, 200 South Campbell street.

Parties

Miss Estelle Brunner entertained Wednesday afterpoon in honor of Miss Ethel Howard. Guessing games were the amusement for the afternoon and the prize was aworded to Mra. J. H. Graham. After the games little New-cemb Brunner came in with a suit case coered with hearts and ribbons, which he presented to Miss Howard. On opening it the guest of honor, found it filled with dainty handkerchiefs, the gifts of the guests. A delicious two course luncheon was served late in the afternoon. Miss Brunner was assisted by Miss J. E. Lanning and Miss Emma Brunner.

Mrs. P. W. Dent was the hostess of an informal tea given on Wednesday afternoon, previous to her departure for

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved and keeping the breasts in good condition, brings the woman to the crisis n splendid physical condition. The paby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supremo function. No better advice could be

given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of rases. Mother's MOTHER'S friend is sold at trug stores. Write for free CFRIEND

book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFIELD REGULATOR CO., Adapta, Ga.

The New Twisted Plume

Literally, a new twist has been given Literally, a new twist has been given to the ostrich plume. The effect, when placed at just the right angle, is decidedly fascinating.

The plume sketched here is used alone as trimming for a white beaver hat. Worn with this was a plain black satin dress, draped at the top with lace, caught by a bright pink rose. The rose had a long stem and foliage of iridescent copper and green beads. A rose-colored velvet ribbon crosses one absulder.

Cards

Mrs. J. L. Gilchrist entertained the Wednesday afternoon bridge club at her home. West Rio Grande, Wednesday afternoon. The club members only were present and an enjoyable after-noon was spent. The club will meet next on October 30, when it wall be entertained by Mrz. J. D. Hughes.

Mrs. Hency Melsel is enterialning the Fortnightly club this evening at her lome.

Dinners and Luncheons

tained with a dinner recently. guests were: Mr. and Mrs. E. E. Neff, Mr. and Mrs. J. P. Williams, Mr. and Mrs. W. B. Latta, Mr. and Mrs. W. G. Dunn, Mr. and Mrs. Waters Davis, Mr. and Mrs. H. S. Potter, Mesdames J. H. Ruszell and J. M. Denn.

The Lodges

The regular meeting of the O. E. S will be held this evening.

El Pasoans Away

Mr. and Mrs. Fred Easter left on Monday to spend a month in Florida.

town, and nearly all are engaged in busi-ness, so that the organization has in-terests behind it which promise perma-nency. Mr. Nickels, the director, is an experienced musician, having been con-nected with several prominent eastern hands before coming to Carrizoro. A complete list of instruments has been ordered and they are expected soon. Many of the members bought their own instruments and a considerable sum was raised by popular subscription.
G. T. McQuillen, the new local mans-

ger of the Mountain States Telephone company's office, arrived this week and took charge. He takes the place of E. Herring, whose death occurred last sek. Mr. McQuillen was formerly located at Deming and Alamogordo. His family is expected the latter part of the

The Lincoln county grand jury, which has been in session nearly two weeks, has been discharged. It returned 19 true bills, none of the cases being of any gen-eral importance. Judge Medler held night sessions right along during this term, and has succeeded in practically clearing up the docket again, which was a very light one, both civil and criminal.

Under exceptional direcumstances, eave of absence for two months from thout October 1, 1912, subject to recall

FORT BLISS OFFICERS
